

**DULWICH
OLYMPIAD**

SINGAPORE 2024

DEPARTMENT SNEAK PEEK

SPORTS OLYMPIAD

The countdown to one of the most thrilling events of this academic year is on! The Dulwich Olympiad, a celebration of Sport, Drama, Music and Art and everything that makes us uniquely Dulwich is coming to Singapore from 18 to 22 March 2024. Here's a sneak peek at what Dulwich College (Singapore) has planned for our visiting Olympians.

We are so proud to be hosting the Dulwich Olympiad in Singapore this year. It is a unique opportunity for our **Sports** students across the world to come together and compete with and against each other over one week.

This year, the students will be participating in five sports across three age groups for girls and boys: **badminton, athletics, basketball, swimming** and **football**. There will be competitive festivals, open meets, canon relays and galas to look forward to.

For students from our High Schools in Suzhou and Zhuhai, the Dehong Schools, the Colleges in China, Korea and Singapore, as well as Dulwich College and James Allen's Girls' School, the opportunity to all compete together – sharing in the common euphoria that playing sport brings – will be unlike anything else they have experienced. It will create memories that will last a lifetime.

Sports at this year's Olympiad will provide an opportunity for students to challenge themselves and their peers to reach their personal bests, as well as make new connections and positive memories in a friendly, competitive environment focused on our core values of being Determined, Courageous, Skilful and Gracious.

KEVIN SHAW
DIRECTOR OF SPORTS

“
We are excited to welcome our visitors and hope to see students enjoying the sporting opportunities that are available to them throughout the week. A sporting week like no other for us all to enjoy!
”

SWIMMING

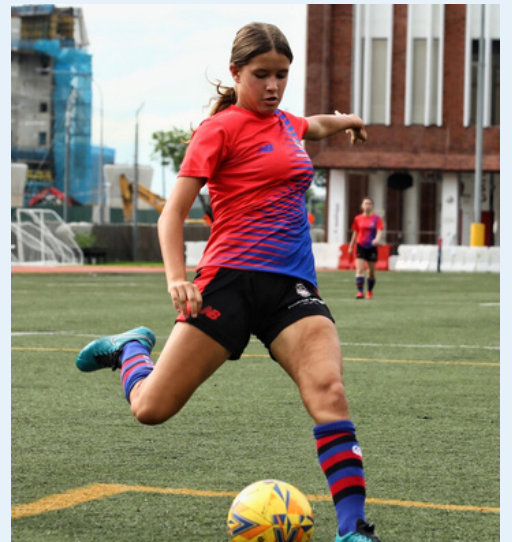

Opening this year's Olympiad will be the swimming gala at the Dulwich College (Singapore) Aquatic Centre. This promises to be an exciting gala with students taking part in all of the traditional sprint events and finishing with the Canon Relay with sides formed from students of both genders and mixing Colleges. A wonderful environment for both competition and collaboration.

FOOTBALL

As the most popular team sport in the world, the football festival will be keenly contested amongst all age groups.

This year's festival will take the form of a 7-a-side competition, with all sides getting the chance to play against each other wherever possible, finishing with finals against teams with similar records.

BASKETBALL

Basketball is one of the most popular sports in schools, and these festivals promise high impact and lots of excitement.

We look forward to the various set plays, three-point shots and athleticism in action when the teams go head to head. A mix of individual Colleges and combination teams will ensure students who want to play get the chance to.

BADMINTON

With badminton dominated by Asia and South-East Asian teams in the Olympics, we are excited to see the talent from Dulwich students on display at this year's Olympiad. Students taking part in doubles competitions will have the opportunity to showcase their individual skills and team tactical awareness. This festival will see as many students playing with and against each other as possible.

ATHLETICS

On Thursday 21 March, we will host an all-day athletics event at the Home of Athletics Centre in Singapore, in the shadows of the national stadium in Kallang. This 'open meet' will enable students to take part in their preferred athletics events, pitting themselves against all other students attending. It promises to be a wonderful showcase of athletic competency from the sports students around the world.
