WHOLE COLLEGE **STRATEGIC PLAN**

HEAD OF COLLEGE'S INTRODUCTION

Welcome to the Dulwich College (Singapore) Whole College Strategic Plan, a reflection of our shared ambition to place students firmly at the heart of all we do. It represents our ongoing commitment to growth, learning, and excellence. For us, getting better is not a one-time goal; it's a mindset.

Our Vision and Mission serve as our compass, providing clarity and purpose as we chart our course forward. This Strategic Plan lays out our key priorities for the year ahead and outlines, at a high level, how we intend to bring these aspirations to life. At its core is our commitment to living out our Guiding Statements, not just in words, but through our actions and across every facet of college life.

With a clear vision in place and a thoughtful strategy to guide us, we are ready to take meaningful steps toward lasting improvement and innovation. We welcome you to join us on this journey as we continue to shape a vibrant, future-ready learning community together.

Warmest Regards,

David Ingram
Head of College

OUR VISION AND MISSION

OUR GUIDING STATEMENTS

Diversity, Equity and Inclusion

We build a caring culture of safety, compassion and inclusion, celebrating the diverse nature of our community and providing a voice and sense of belonging for all.

- We will develop strategies to further personalise our learning programmes ensuring challenge and support for all students. Including EAL strategies including the CLIL (Content & Language Integrated Learning) approach
- We will consider the recommendations of the Staff wellbeing group and develop a group which will lead the strategic development of this area, led by the Assistant Head of College

Innovative Learning

We enjoy innovative learning, which is academically challenging, purposeful, relevant and personalised for the learner.

- We will develop strategies to further personalise our learning programmes ensuring challenge and support for all students. Including EAL strategies including the CLIL (Content & Language Integrated Learning) approach
- We will build a thoroughly documented, bespoke curriculum framework based on the learning principles and our guiding statements including a Digital Citizenship framework.
- We will further develop our delivery of a programme of core skills in reading and writing, mapped across the College programme and better understood by parents and students.
- We will review and develop the use of the MyDulwich platform, including an audit of internal communications, in order to streamline and enhance our communications both internally and externally. Including the sharing of learning progress with parents
- We will articulate clearly, and develop our pedagogical practices, in the area of Artificial Intelligence. Providing both guidance and training opportunities for all staff.

Social Justice

We build a community where each individual matters, respecting and upholding the rights of everyone.

- We will continue to develop the physical infrastructure of the campus including the network infrastructure and the update of older sections of the buildings.
- We will review existing practices across key Customer Experience (CX) touchpoints to identify opportunities for improvement throughout the family journey, including Admissions, business support services, and academic engagement with parents.

Wellbeing

We nurture physical and mental health, so we can each rise to challenges within a supportive, safe and balanced environment.

- We will build a thoroughly documented, bespoke curriculum framework based on the learning principles and our guiding statements including a Digital Citizenship framework.
- We will consider the recommendations of the Staff wellbeing group and develop a group which will lead the strategic development of this area, led by the Assistant Head of College
