Arrival & Departure Times

Estimated arrival times for all school buses: 8.00am – 8.25am

Estimated departure times:

DUCKS noon bus 12.30pm

DUCKS / Junior/ Senior 3.45pm - 4.00pm

CCA Bus 5.00pm

Over 2000 students are finishing their school day activities between 3.25pm-3.35pm. This means we have over 90 school buses, parents' vehicles, private vehicles, and other transports gathering at the College campus at the same time. DUCKS students are escorted by their teachers to their allocated bus and all school buses are expected to depart between 3.45pm - 4.00pm depending on traffic flow on campus. To ensure that all level students have boarded the bus, the college only permits the school buses to leave the campus from 3:45 p.m. onward.

While the length of the bus route for most students is between 30 minutes and 45 minutes (from the moment the bus leaves the College campus), students living in more distant areas like the East Area, North Area or Sentosa Area may experience longer travel times but not exceeding 55 minutes. This is subjected to weather & traffic condition. Fees are based on the distance from home to school.

NOTE: Times indicated may vary due to weather and traffic conditions. Please note that delays are common during the heavy rain and thunderstorms. Usual routes get easily congested with vehicles traveling at slow speed. The contracted bus service provider will inform all parents via text message, should there be a delay of more than 10 - 15 minutes wherever possible.

CCA Buses

Extra curriculum activity buses are available for students in YEAR 2 and above who participate in after-school activities which ends at 4.45pm. The activity buses provide service to several pre-determined drop-off locations however will not provide an island-wide service. Every day, CCA buses follow various routes according to the CCA list provided by the CCA Department.

Please note that CCA buses provide a drop-off service only. Parents must ensure that a responsible adult is at the assigned drop-off point to meet their child when the bus arrives. Students not met by a parent or other responsible adult will be left at the assigned drop-off point without any supervision.

Please contact [Woodlands Transport Office](#) for more information.

5. Why is there a \$40.00 send back fee if my child(ren) is not collected?

WTS highly regards child safety, and we emphasize this on a daily basis to our drivers and bus attendants. It is a constant battle to encourage and remind our drivers to not drop off students without an authorized guardian there to pick up the child(ren).

The implementation of this send back fee is also to ensure that guardians, too, are at the drop off point to ensure timely collection of the students. This will act as a deterrent to ensure that the overall transportation process is timely and on schedule.

The send back fee is passed on to the Driver and Attendant, WTS does not collect nor keep any amount of the total collection.

6. What will the travelling time be for by child(ren)?

WTS acknowledges and understands the stress for students riding buses for an extensive period. Therefore, all bus routes will be planned so that they are capped at a maximum travelling time of 55 minutes.

This is however not possible for certain out-of-range residential areas. In the event of an out-of-range address, the travelling time may vary. However, all deviation from the agreed upon time frame will be discussed and agreed upon with the school prior to commencement of bus routes.

7. Am I going to expect change of Bus, Driver and Attendant?

Buses, drivers and attendants do change from time to time. This is mainly due to the transient nature of an international school community. Families move in and out of the country, changing of residential address due to leases, students joining the school; these are some of the reasons that will impact the overall routing plan. Therefore, buses will be reshuffled in order to cater for these new requests. We appreciate your understanding that changes are inevitable, however, WTS is committed to abide by the stipulated time frames and guidelines for all buses deployed and bus routes planned.

8. We love our current Bus Driver and Attendant, can we have them back?

As mentioned in Point 7, changes do occur from time to time, and with this transition into WTS, we may not necessarily engage the same driver and attendant to service the specific routes. Nevertheless, WTS prides to ensure a consistent service delivery throughout the entire fleet that is deployed.

9. Will my child(ren) be the last to be picked up and first to be dropped off?

As much as we would like to have every student be picked up last and dropped off first, it is not logistically possible as bus transportation is a shared service that needs to be managed with the varied interest of the whole community in mind.

Nevertheless, WTS is committed to adhere to the stipulated guideline as mentioned in Point 7

10. Can I request for the bus to pick me up at my block?

As a general rule of thumb, all pick-ups and drop offs will be at the centralized condominium lobby or drop off point whenever possible. If the bus is not able to safely enter the property, pick up and drop off will be performed along the main road, outside the guardhouse of the condominium.

11. What about private property? Should I expect pick up at my front door?

As much as possible, pick-ups and drop offs will be performed at your front door/ gate. However, this may not necessarily be possible for all roads in Singapore. In the event of a cul- de-sac or narrow lane, pick up and drop off will need to be performed at the nearest and safest road junction, which may entail a short walk from your property.

12. Is there someone on board the bus to manage my child(ren)?

Each deployed bus will come with a bus driver and bus attendant. The bus attendant is in charge of managing the students while on board. Should there be any incidents, the bus attendant will be the immediate responder and inform the DCSG Transport office immediately.

13. Are the bus attendants trained?

All bus attendants on board WTS deployed buses undergo a government regulated Bus Attendant Vocational License course. This is a 3 hours course that covers basic safety of students, incidents handling as well as how to react during an emergency.

Over and above, WTS will also conduct periodic internal training sessions for all bus drivers and bus attendants. This takes place during the school holidays and cover areas such as:

1. Basic First Aid Briefing and Booster Seat Training
2. Students Handling

All buses procured will be installed with LTA approved 3-points seatbelts. And will be checked regularly for their condition and functionality by WTS operations staff.

15. My child(ren) is young and little, are there booster seats provided?

Yes, for students under the height of 1.35m and travelling on small buses, LTA guideline stipulates that the student must be belted up with an appropriate booster seat while the vehicle is in motion.

WTS will be providing the required number of booster seats for all buses at no cost to parents or drivers. Training of usage for these booster seats will also be provided to Bus Attendants on a periodic basis.

Yes, all buses deployed are mandated by LTA to maintain a valid Third-Party Vehicle Insurance coverage. Over and above the vehicle insurance, WTS also maintains a general Public Liability Insurance for providing bus service for students of Dulwich College, capped at \$5,000,000.

17. Is there anyone I can speak to if I have any feedback on the bus service?

WTS Operations staff will be stationed on-site at the College daily from 7:00AM – 6:00PM (during school days). Outside of operational hours, WTS staff can still be contacted at 94550597.

Alternatively, you may send an email to buses.singapore@dulwich.org and WTS staff will respond to your email within 3 working days.

18. Are the CCA buses provided for my child(ren)?

CCA buses are provided at no additional cost to the standard termly bus fares for Year 2 students and above using TWO-WAY or ONE-WAY: SCHOOL TO HOME service only. Students whose CCA ends at or before 4:45 PM are eligible to apply for the CCA bus.

Parents can email CCA Department at CCAS.Singapore@dulwich.org to register for the CCA Buses. Kindly be advised that the CCA bus registration process takes three weeks to assign routes. CCA Buses are provided only during the CCA seasons.

19. You mentioned about an IT system, what can I expect from it?

To upgrade the overall service experience for parents at Dulwich College, WTS will be progressively introducing an IT System at the College. Please download WTS Parent Portal (Plotigo) app from the App store or Google Play store. Contact Woodlands Transport Office for more information.

Using the app, parents can monitor their child's progress, including when the student boards and gets off the bus, and record their attendance on days that the child does not require the bus service.
