OUR NETWORK

DULWICH COLLEGE

| INTERNATIONAL |

Dulwich College Beijing (DCB) is one of ten international schools in Asia that operate in partnership with Dulwich College, our founding school in London, under the World Charter and together they make up Dulwich College International (DCI). Dulwich College inspects DCB and each Dulwich international school annually.

OUR SCHOOL

We are a Beijing-based British international school that follows the internationally recognised IGCSE curriculum followed by the International Baccalaureate Diploma Program. Since we opened our doors in 2005, Dulwich College Beijing has been named British International School of the Year (2011) by the UK Independent Schools Awards. In 2017, the College also won a British International School Award for Teaching Initiative and a Corporate Social Responsibility Award. Our graduating classes have achieved IB results and university placements that place the school among the world's best.

SCHOOL CALENDAR

The school year is 181 days, running from mid-August to mid-June. It is divided into three terms. We do not rank our students or calculate grade point averages. For the duration of course work, student progress is internally assessed each term using pre-established, standards-based performance levels. Courses conclude with externally assessed examinations.

COVID-19 UPDATE

Due to Covid-19, all students engaged in e-learning for 4 months from early February to June 2020. Due to government regulations, year groups were allowed back on campus in staggered waves: the Class of 2020 returned back to campus in late April, but the Class of 2021 did not return until June. School was then promptly closed in mid-June due to scares of a second wave. The Class of 2020 students did not undertake externally assessed IB examinations, and the Class of 2022 did not undertake externally assessed IGCSE examinations, though all students did receive official scores. The Class of 2021 returned from the summer holiday on August 29, 2020 for hybrid learning; however, some students were not able to return and have continued e-learning until travel restrictions eased. Instances in which the student was or continues to be adversely affected by the changes to their learning, including lack of access to standardised testing or major disruptions to teaching and learning, will be directly addressed in their application.

ACADEMIC PROGRAMMES

Overview

Our students come from over 40 countries and range in age from Toddler to 18. Up to Year 9 (Grade 8), we follow the English National Curriculum, enhanced to meet the needs of our international student body. In Years 10 and 11 (Grades 9 and 10), we follow the International General Certificate of Secondary Education (IGCSE), a two-year course culminating in externally assessed examinations. In Years 12 and 13 (Grades 11 and 12), all students enter the International Baccalaureate Diploma Programme (IBDP).

IGCSE - Years 10 and 11 (Grades 9 and 10)

Students take up to 11 individual examination subjects in the International General Certificate of Secondary Education (IGCSE) course. The majority of our students also study an accelerated mathematics programme and enhanced Chinese instruction. While both Double Award and Triple Award Science include physics, chemistry and biology, Triple Award Science is more rigorous.

Grades are on a scale of A* to G and 9-1, with a letter grade of U indicating a failure to meet minimum standards.

Students also have the option of taking one of two specially designed, internally assessed courses. Our STEM course delivers 21st century design and technology competencies through an interdisciplinary curriculum. Students also have the option of taking a humanities-based, liberal arts course that focuses on a wide range of disciplines from philosophy to film studies to the classics.

IB Diploma Programme - Years 12 and 13 (Grades 11 and 12)

All DCB students start the International Baccalaureate Diploma Programme (IBDP) in Year 12 (Grade 11) in preparation for university. The Class of 2020 graduated 109 students, with 103 IB diploma candidates and 102 were awarded the IB diploma.

GRADING

We do not rank our students or calculate grade point averages. For the duration of course work, student progress is continuously assessed. DCB reports triannually using pre-established, standards-based performance levels. Years 10 and 12 conclude with internally assessed exams while Years 11 and 13 conclude with externally assessed examinations.

DISCIPLINE POLICY

DCB reports all out-of-school suspensions and exclusions that occur as a result of disciplinary incidents that raise significant concerns about a student's academic integrity or has a significant impact on the wellbeing of the student or others within the community.
