* Bus stops and fees are subject to change. Updated May 2025.	

BUS ROUTES AND BUS STOPS

- The College will work to arrange pick-up/drop-off at or near the child's housing complex for students living within a reasonable distance from the school.
- Pick-up points and bus routes will only be created at the College's discretion. For each stop there should normally be at least five (5) student riders and/or no existing convenient alternative.
- In housing developments where a number of families and students live in close proximity, the College may arrange for a central pick-up/drop-off location within or near the development. In some instances where students live in more isolated areas, parents may be asked to transport students to and from designated pick-up/drop-off points.
- Our buses only stop at College arranged pick-up/drop-off points.
- Bus space is limited and is for the transportation of College students.
- Parents of bus riders are permitted to ride on the bus occasionally and only if space is available.

SAFETY AND BEHAVIOUR

- The College makes every effort to ensure the safety of children using the bus service. Students must wear seat belts at all times.
- While on the bus students must follow instructions given by the bus monitor and behave with courtesy and respect.
- Violation of, or failure to comply with bus rules can result in disciplinary action consistent with College policy, including temporary exclusion from the bus service. In serious cases, a student's bus service may be terminated without refund.
- The College may install video recording equipment to monitor behaviour on the student buses.
- The College, its officers, and teachers do not accept any liability whatsoever arising from participation in College-contracted bussing. All passengers travel at their own risk.
