Community

Introduction from the Head of College

We are excited to present our three-year College Strategic Plan, which places a strong emphasis on teaching and learning, student well-being, technology utilisation, and fostering a vibrant college community. This plan is the result of considerable consultation, as well as a review of the extensive feedback from all of our stakeholders.

At Dulwich Pudong we remain dedicated to providing a high-quality education that prepares students for success in an ever-evolving world. Our vision is steadfast as we strive to Live Worldwise, whilst our mission remains to nurture Global Citizens who have the skills and motivation to make a positive difference in the world.

To achieve this, our strategic plan focuses on enhancing teaching and learning through research-based approaches, personalised instruction, and innovation. We endeavor to create a stimulating learning environment that nurtures curiosity, critical thinking, and a lifelong love for learning.

Our plan also recognises the importance of community well-being as a foundation for academic achievement. It includes initiatives to support the physical, social and emotional needs of our students and staff. We will continue to create a safe and supportive environment where students can thrive both academically and personally.

Furthermore, we are committed to leveraging technology to enhance the learning experience. Our strategic plan emphasises the integration of technology across the curriculum, equipping students with the digital skills and knowledge needed for their future success. We will continually explore innovative tools and platforms, including the use of Artificial Intelligence, to engage and empower our students in their educational journey.

Finally, our strategic plan priorities the importance of a strong and collaborative college community. We believe in the power of partnerships between parents, teachers, students, and the wider community. Through open communication, involvement in school activities, and fostering a sense of belonging, we will uphold a vibrant and inclusive community that supports the growth and development of every student.

All of this is underpinned by our values: to value every voice, do the right thing and to make a difference. Your participation, support, and feedback are vital to the successful implementation of our strategic plan. Together, let us create an exceptional educational experience that prepares our students for a bright and successful future.

Thank you for entrusting us with your children's education.

Mr. Garry Russell
Head of College

TEACHING & LEARNING

We are committed to ensuring learning experiences are consistently of a high-quality.

To enable this, we will:

- Review our Learning Principles to ensure they are driving professional practice.
- Embed our group wide vision of outstanding teaching and leadership to ensure they are consistently world-class.
- Introduce our group language policy to ensure all learners are appropriately challenged.
- Update our learning support procedures to ensure all student needs are met.
- Strengthen our curriculum documentation to ensure it is robust and meets the need of 21st century learners.
- Review our approach to professional learning to ensure it is impacting on student outcomes.

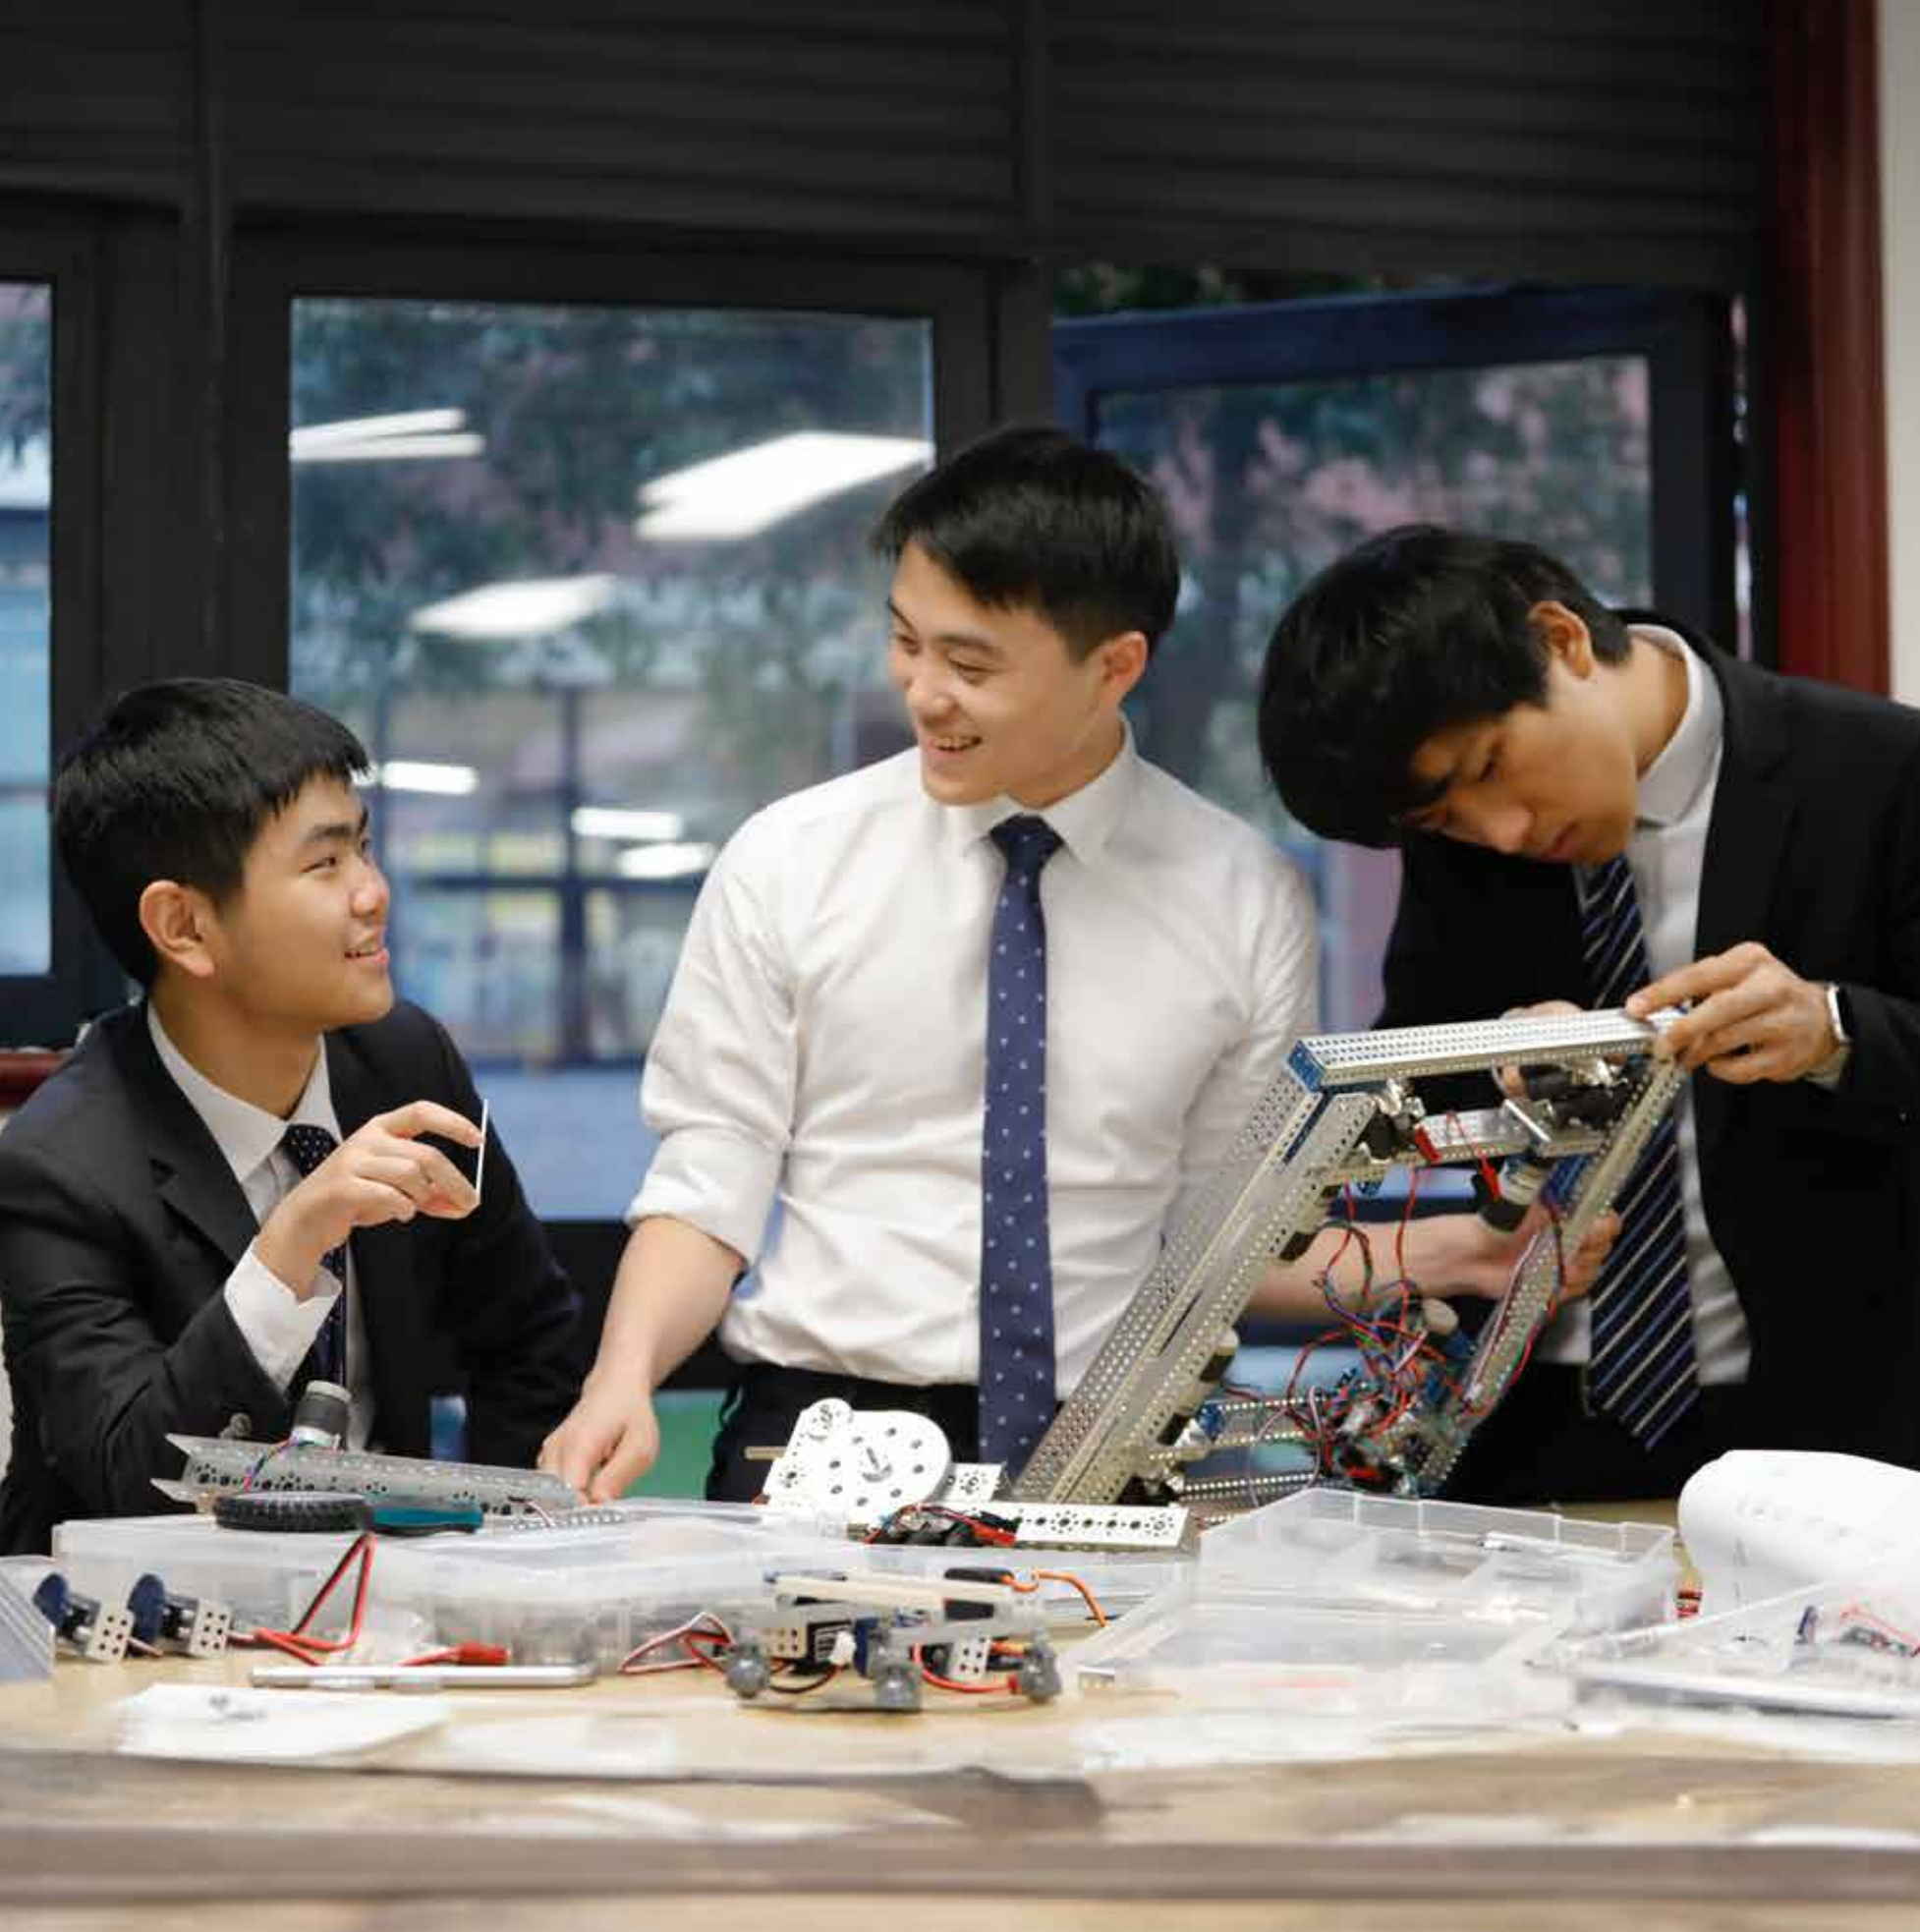

PEOPLE & PLANET

We are committed to ensuring environmental and social governance are fit for purpose.

To enable this, we will:

- Embed our student and staff wellbeing frameworks to ensure our community is supported physically, emotionally and socially.
- Create our diversity, equity and inclusion plan to ensure all member of our community feel a sense of belonging.
- Evaluate our environmental, social and governance approaches to ensure they are appropriate.

TECHNOLOGY

We are committed to ensuring technology effectively supports our community.

To enable this, we will:

- Embed our digital affordances to ensure teaching and learning makes best use of new technologies, including AI.
- Introduce student dashboards to ensure that data supports teachers and learners to improve.
- Launch SchoolBox as our new Learning Management System and Parent Portal, to ensure effective learning administration and a central point of contact for all.

COMMUNITY

We are committed to ensuring our community works together to effectively support each other.

To enable this, we will:

- Review the College's Guiding Statements to ensure they represent our community.
- Develop the 'Parents as Partners' programme to support parents in playing an active part in their child's learning journey.
- Develop our community partnerships to ensure they offer learning opportunities to our community.

OUR COLLEGE VALUES

Value every *voice*

Do the *right* thing

Make a *difference*
