1.0 Introduction of Dulwich College (Singapore)

At Dulwich College (Singapore) our students always come first. The College offers a friendly, student-centred learning environment where your child is placed at the heart of the learning journey. The Dulwich educational philosophy places equal emphasis on intellectual and personal development. We are a truly international and holistic school which, as part of the "commonwealth of Dulwich", draws upon 400 years of tradition from our founding College in London and our sister schools in Asia.

In DUCKS, Junior and lower Senior School, the College follows an enhanced form of the English National Curriculum, incorporating elements of the Common Entrance syllabus. From the age of 10, our students are taught by subject specialist teachers in subject specific learning spaces. In Senior School, the College is an IB World school authorised to offer the IB Diploma as well as the International General Certificate of Secondary Education (IGCSE) and General Certificate of Secondary Education (GCSE).

All our students are encouraged to participate in sporting competitions and every child from the age of 7 is taught a musical instrument. Drama and opportunities for public speaking feature heavily from an early age.

As an internationally-minded school we believe in the importance of our young people acquiring confidence and competence in languages other than English. We offer a dual-language programme in English and Mandarin for children from 2 to 7 years of age and daily Chinese classes, streamed according to ability, for children

from the age of 4. Additional modern foreign languages are offered in our Senior School.

Bringing out the best in our students means developing and nurturing creative and confident individuals with the soft skills to tackle and enjoy the rigours of life in the 21st century. Our educational philosophy is based on teaching students how to learn. We encourage our students to work independently and develop their thinking to challenge and be challenged in return.

2.0 The organization

Dulwich College (Singapore) is part of the network of Dulwich College International (DCI) schools founded by Education in Motion (EiM), a global education company that aspires to be a leader in pioneering education for a sustainable future. The College shares the same purpose, mission and pillars with other education brands under the EiM brand.

Day to day operational management of the College is overseen by the College Leadership Team (CLT) which comprises of the Head of College, Deputy Head of College, Director of Business Administration and Bursar, Head of Senior School, Head of Junior School, Head of DUCKS, Director of Admissions and Marketing and Director of Communications. In addition, Directors from other functions (e.g. ICT and Professional Development) may be opted in for a term or a longer period, depending on the College's areas of focus, expertise or priority.

2.1 Responsibilities and Authorities

The responsibilities and authorities of all personnel of DCSG are defined in relevant established management system policies and procedures. It is the responsibility of the College Leadership Team (CLT) and/or relevant departmental-in-charge to ensure that all new employees are briefed on their responsibilities related to this policy.

3.0 Propose Quality Policy and Quality Objectives

The Director of Business Administrator (DBA) established the following quality policy statement to be read, understood and implemented by every employee.

3.1 Quality Policy

DCSG is committed to providing a high standard of education and services to all of its employees, students, contractors, visitors and other external stakeholders.

At Dulwich College (Singapore), we work to foster an environment conducive to learning through the following strategies:

- Ongoing review of curriculum and expansion of outdoor learning opportunities at all levels
- Strengthening employee competencies through professional development.

- Adhering to Singapore's legislation and applicable standards.
- Constant interaction and communication with students and stakeholders in order to improve our services
- Pursuing continual improvement through regular review and evaluation of the delivery of high-quality services.

The Quality Policy shall be made available to the public through the following means, but not limited to:

a) "Policy Display in company Website"

Copies of the Quality Policy are displayed and readily accessible to all members of the public through DCSG website;

b) Distribution through employees

Employees shall direct all requests related to the Quality Policy from members of the public whom they have contacts with to the DBA and the Quality Assurance Manager.

3.2 Quality Management System (QMS) Objectives

Documented QMS objectives have been established at relevant functions, levels and processes needed for the QMS. The QMS objectives shall:

- Be consistent with the Quality Policy and in compliance with applicable standards;
- Be measurable;
- Consider applicable requirements;
- Be relevant to conformity of products and services requirements, and enhancement of customer satisfaction;
- Be monitored;
- Be communicated; and
- Be reviewed and updated at least annually and as appropriate.

Planning Actions to Achieve QMS Objectives

When planning to achieve the Quality objectives, DCSG determines

- What will be done;
- What resources will be required;
- Who will be responsible;
- When it will be completed and timeframe;
- How the results will be evaluated, including performance indicators for monitoring progress toward achieving its measurable objectives;
- How the results will inform future initiatives and activities;
- How they will influence activities, instill best practice and focus on training needs.
