

Policy Name: DCSG Student Selection Policy

1. Purpose of Policy

The aim of the policy is to provide the guidelines, procedures and an overview of the criteria set on student selection in Dulwich College (Singapore).

2. Scope

The policy applies to potential applicants across all year groups in Dulwich College (Singapore).

3. Policy Details

Applicants of all Year Groups are admitted based on their ability to succeed socially and academically in the College dynamic learning environment while at the same time demonstrating a good work ethic, a history of school-appropriate behaviour, and a desire to attend the College.

The Admissions Team will verify that applicants meet course admission requirements. Applicants are required to go through either an online age appropriate test or an assessment with the Admissions Team to be evaluated for suitability for selection and enrolment. Supporting documents like an applicant's progress reports from their previous school(s), teacher references and any diagnostic testing records will form as reference only and help the Head of School to understand any special learning needs the applicant may have.

The decision to offer a place to a prospective student is taken by the individual Head of School to whom the student has applied. The Head of School, who is also a member of the Senior Management Team in the College, will be supported by the Admissions Team. In the absence of the Head of school, the Headmaster shall make the decision on the selection for admission.

The Admissions Department will review the DCSG Student Selection Policy once every two years or as and when necessary for continual improvement.

Students applying for Senior School (Years 12-13)

Students applying for admission to the Upper Senior School (IB Diploma Programme) will usually be required to submit certificates of IGCSE results (if applicable) as well as a confidential reference from the Principal/Head of the respective schools. A student will be expected to be capable of or have achieved the equivalent of IGCSE grade B and above in subjects they wish to study at SL and A and above for HL (or its equivalent in the new 9-1 system). In addition, the student may be required to sit for subject specific entry tests for their preferred HL subjects.

For students from schools where the curriculum is not based on IGCSE, a confidential reference will be requested from the Principal/Head of the respective schools, along with transcripts/records of grades from the students' recent school. For students following MYP, the College will be looking for grades between 5-7 and whether they have participated in e-assessment. In addition, students will be required to sit for subject specific entry tests for their preferred HL subjects.

All students applying for entry into the IBDP are required to sit for a Yellis test as well as an interview with the IBDP coordinator.

The applications will be reviewed by the IBDP Coordinator and Head of Senior School before placements are confirmed by the Admissions Team.

F. Applications for students to study outside their designated year group

Any application for a student to join a year group outside that designated by their age will be assessed on an individual basis by the Head of School and subject to review and agreement by the Headmaster. The primary motivator will be the specific learning and social needs of the individual student. For promotion, evidence should demonstrate academic capability of at least above average in the desired year group alongside social maturity. For admissions to a lower year group, evidence should demonstrate attainment significantly below the average for the age appropriate year group and/or a level of social maturity well below the average. Other issues that may be taken into account for moving a child ahead of their age or to a class below the expected age range are:

- Placement in previous school or national education system
- Students coming from schools using a southern hemisphere calendar
- Learning or developmental delays

Any change in year group is subject to regular review and throughout the process parents should be fully consulted. In all such applications, the professional opinion of the Head of School will be the determining factor.

4. Implementation Details

A. Application Process

Parents will complete and submit application form online, together with an application fee and relevant supporting documents. The Admissions Administrator checks through application to ensure documents are complete and whether applicants meet course admission requirements. Parents will be notified of any

incomplete documents.

Applications with approved company letter supporting family's immigration status, immigration visa, and Singaporeans requiring MOE waiver will be processed provided they meet the entrance criteria.

Applications that have complete documents and application fee paid, will be processed with data entry in SIMS and forwarded to the Admissions Department to arrange for an assessment. For overseas candidates, special arrangements can be made for the assessments to be administered in an applicant's current school. After the conduct of assessment, the result and application of the student is to be reviewed by respective Head of Schools and Head of AEN if necessary, whereby a decision on offer or decline is made. If there are no availability for successful applicants, they will be placed on a waiting list and parents will be communicated on this. For unsuccessful applicants, the Admissions Department will email the Parent to notify them. Unsuccessful applicants can then be reassessed. Offers for Student Pass will be subjected to ICA's approval. Offers will only be made to Singapore Citizens after applying for MOE's approval.

* *Progress reports from the applicant's previous school(s) will only be used as reference*
