Our School

Dulwich College Seoul (DCSL) is a British independent international school serving 694 expatriate English-speaking students, of whom 16 are in the Class of 2020.

Our students come from over 40 countries and range in age from 3 to 18. Up to Year 9 (Grade 8) they follow the English National Curriculum, enhanced to meet the needs of our international student body. In Years 10 and 11 (Grades 9 and 10) they follow the International General Certificate of Secondary Education (IGCSE), a two-year course culminating in externally assessed examinations. In Years 12 and 13 (Grades 11 and 12) all our students enter and complete the IB Diploma Programme.

English is our language of instruction and all our students speak fluent English.

The Dulwich Network

DCSL is one of ten international schools in Asia that operate in partnership with Dulwich College, our founding school in London, under the World Charter and together they make up Dulwich College International (DCI). Dulwich College inspects DCSL and each Dulwich international school annually.

School Calendar

The school year is 181 days, running from mid-August to mid-June. It is divided into three terms.

Grading

We do not rank our students or calculate grade point averages. For the duration of course work, student progress is internally assessed using pre-established, standards-based performance levels. Courses conclude with externally assessed examinations.

Discipline Policy

Dulwich College Seoul reports all out-of-school suspensions and exclusions that occur as a result of disciplinary incidents that raise significant concerns about a student's academic integrity or has a significant impact on the wellbeing of the student or others within the community.

Co-curricular Activities

Our College offers over 100 different activities in addition to drama, arts and sports programmes, such as Model United Nations, Student Council, Sustainability Club and the Duke of Edinburgh International Award. Students compete in sports at multiple levels against other international schools in Asia.

Academic Programmes

IGCSE - Years 10 and 11 (Grades 9 and 10)

Students take up to 11 individual examination subjects in the International General Certificate of Secondary Education (IGCSE) course. It is common for our students to study an accelerated mathematics programme within the IGCSE. The exam is taken at the end of Year 10 and is noted on the transcript as a Year 11 mark.

All our students take Double Award or Triple Award Science at IGCSE. They study Physics, Chemistry and Biology as separate subjects and are examined in each discipline.

Grades are on a scale of A* to G, with a letter grade of U indicating a failure to meet minimum standards.

IB Diploma Programme - Years 12 and 13 (Grades 11 and 12)

All DCSL students start the International Baccalaureate Diploma Programme (IBDP) in Year 12 (Grade 11) in preparation for university.

University Matriculations 2016 - 2019

We believe in helping students choose prospective colleges and universities based on 'fit'. For this reason, students are limited to 10 applications worldwide each academic year. Below are the universities and colleges to which DCSL students have been accepted. Matriculations are in Bold.
